

Over the next 24hrs, Poly Postal Packaging will provide all customers with a one hour delivery window so they don't have to wait in all day for their parcel, on all new online orders

When our courier company ( Interlink Express ) deliver to you:

You are given a 1 hour delivery window

You will be notified of this by text or email

If not convenient, you can use the text or email to change the delivery date

This market leading innovation means all customers will no longer have to waste time at home waiting for a delivery or come home to find a "Sorry we missed you" card

Poly Postal Packaging's one hour delivery window will help to make waiting in all day for a parcel a thing of the past!

These services will be implemented over the next 48/72 hours

Thanks for your business

Kind Regards
